Sermon Title: Two Paths Two Destinies

Speaker: Richard Smith

Scripture text(s): Galatians 4: 21-31

- 1) Do I come to God by the law or by grace?
- 2) How often do I take matters into my own hands instead of waiting for God to do things His way?
- 3) Have I learned to rejoice during times that I feel weak in my circumstances because I know that God is working for my good behind the scenes?
- 4) Think about a time in your life when you decided that you knew best and worked outside of God's will. What were the results? How does it still affect your life and possibly others lives?
- 5) Discuss times in your life when your weakness has driven you to God instead of to self-sufficiency. What were the results? How can you give encouragement to someone who may be in a situation where they feel weak and are being tempted to act on their own self-sufficiency?
