Sermon Title: Really?

Speaker: Richard Smith

Scripture text(s): Galatians 3: 1-4

- 1) Think about times in your life where you stopped listening to the Gospel. Who or what tickled your ears with a new gospel? What were the results of your being "bewitched"?
- 2) Richard said that God ordained for us to see Him and His glory through our ears. How does this apply to the above situation? How does this prevent us from being "bewitched"?
- 3) The new message the Galatians were hearing was "Improve the gospel by improving your lives." How is this same message preached to us today? What are the dangers of this message?
- 4) In what ways do you allow this message to seep into your life now? What do you need to do in order to combat today's belief system that is not Christ-centered?
- 5) In what ways have I been foolish enough to add works to my faith?
